# AUTO TRANSFORM ALUMINIUM BOX BODY

AUTO  
TRANSFORM  
COMMERCIAL

Auto Transform brings you a Box Body which is one of the lightest on the market. Made from 3mm aluminium it sits on an aluminum flat deck tray. This Auto Transform Box Body not only maximizes space but also allows you to save on weight whilst transporting all your equipment. With its modular design, the options for customised fit outs and optimising your specific space are endless. We have Box Bodies for single, extra and double cab.
