Mobility Enhancement Wheelchair Hoist 4000F is a double stacker arm fully automated platform hoist. The compact design of this hoist is ideal for smaller vehicles as when it is folded it takes up very little space, leaving a clear view and simplifying the loading of any luggage.

FEATURES:

- Safe working load of 350 kg
- Fine folding steel mesh platform ensures excellent rear view
- Easy to operate
- 880mm max floor height
- Platform dimensions: 800mm x 1150mm
- Emergency auxiliary manual pump
- Lightweight and compact design
- Platform closes on rubber buffers when stowed to prevent rattling

BENEFITS:

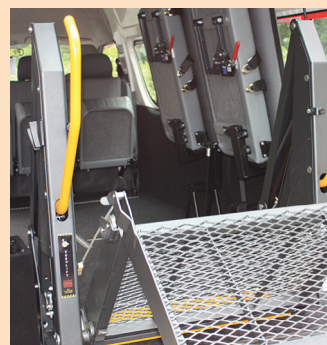

- Lighter weight folding hoist saves battery life and fuel consumption long term
- Fully Certified to New Zealand Safety Standards and crash tested for your assurance and peace of mind
- Guarantee of security, reliability with product warranty of 3 years
- Back up service and parts to ensure minimum downtime of your operations

Anti-slip mesh platform

Good rear view with folding platform
