Mobility Enhancement Wheelchair Platform Hoist 9000 is an under floor telescopic hoist that enables maximum loading with a solid grip coated galvanised steel platform. This hoist is ideal for the larger wheelchair and with less moving parts it is a simple, safe and effective system.

FEATURES:

- Safe working load of 350 kg
- Easy to operate
- Telescopic maximises platform space when lift is folded out
- Extendable handrails
- Automatic box lock manual pump
- Flashing or static LED warning lights
- Stainless steel anti-corrosion package
- Fully automatic or semi-automatic
- Box micro fitted (for correct stow signal)

- Audible warning device
- Platform dimensions: length 1410mm x width 825mm

BENEFITS:

- Fully Certified to New Zealand Safety Standards and crash tested for your assurance and peace of mind
- Guarantee of security, reliability with product warranty of 3 years
- Back up service and parts to ensure minimum downtime of your operations
