

We can guarantee your security and safety with our hoists. They will make your daily life easier, removing transport obstacles.

This solution is often recommended for fitouts that combine wheelchair access and passenger seating. It has a telescopic hoist that can handle loads of up to 400kg. LED lights and an audible warning device assist with safe operation and the handrails can be extended. When not in use, the hoist is neatly contained beneath the vehicle floor. The hoist is fully certified to New Zealand Safety Standards and crash tested for your assurance and peace of mind. It has a 3-year warranty and back up service and parts to ensure minimum downtime for your operations.
