

We can guarantee your security and safety with our hoists. They will make your daily life easier, removing transport obstacles.

Mobility Enhancement wheelchair platform hoist 5000AL is a fully aluminum lightweight lift. Its state of the art design provides a great professional finish and significant weight reduction. The fine folding steel mesh platform ensures excellent rear view. Its lighter weight folding hoist saves battery life and fuel consumption long term. The hoist is fully certified to New Zealand Safety Standards and crash tested for your assurance and peace of mind. Equipped with an emergency auxiliary manual pump, it has a safe working load of 350kg to guarantee your security and safety. This hoist comes with a 3-year warranty, and back up service and parts to ensure minimum downtime for your operations.
