

We can guarantee your security and safety with our hoists. They will make your daily life easier, removing transport obstacles.

The Mobility Enhancement wheelchair platform 4500 is a full platform hoist that enables maximum loading with a solid perforated steel platform. This hoist is ideal for the larger wheelchair and with less moving parts it's a simple, safe and effective system. The fine folding steel mesh platform ensures excellent rear view, its ligther weight folding hoist saves battery life and fuel consumption long term. The hoist is fully certified to New Zealand Safety Standards and crash tested for your assurance and peace of mind. Equipped with an emergency auxiliary manual pump, it has a safe working load of 400kg to guarantee your security and safety. This hoist comes with a 3-year warranty, and back up service and parts to ensure minimum downtime for your operations.
