

We can guarantee your security and safety with our hoists. They will make your daily life easier, removing transport obstacles.

Regularly deployed during mobility fitouts, the Hoist 4000F is a double stacker arm, fully automated folding platform hoist that's ideal for smaller vehicles.

When folded it requires minimal space, preserving rear view and luggage storage space. Operation is easy and the anti-slip mesh platform assists wheelchair access. Its fine folding steel mesh platform ensures excellent rear view. The light weight folding hoist saves battery life and fuel consumption long term.

This hoist is fully certified to New Zealand Safety Standards, weather conditions tested and crash tested for your assurance and peace of mind. Equipped with an emergency auxiliary manual pump, it has a safe working load of 400kg to guarantee your security and safety. This hoist has a 3-year warranty, and back up service and parts to ensure minimum downtime for your operations.
