

The roof rack systems we provide are proven performers, built for maximum performance and minimum fuss.

NOT FOR INDIVIDUAL SALE

Our roof racks are heavy duty, simple, effective and robust. They have a 110 kg (max) load rating per bar. Available for self-installation or installation at our facility, our roof racks are perfect for heavy use and can flexibly fit accessories with simple through bar design. Ladder storage systems fit easily onto our trade bars. The roofmount comes with 2 bars to meet all your requirements.
