

Arrive at your destination feeling safe, relaxed and refreshed.

Suburban 4500 has been engineered to fulfil the needs of smaller passenger transport requiring more safety, durability, comfort and style. Very similar to its 4520 counterpart but with a lower back and headrests; this increases visibility in smaller vehicles. The Suburban is ideal for all ranges of passenger transport. The vinyl/ cloth covered material is long lasting and easy to clean. Safety is assured as it is certified to New Zealand Safety standards with its seatbelt configuration. It is extremely lightweight, saving you fuel costs overtime. Its flexible seat configurations allow use for increased space for cargo. It comes with a 3-year warranty for your piece of mind.
