

## Maximise your storage without sacrificing usable space.

Syncro underfloor drawer systems are designed to give you additional secure, accessible storage under the floor. Tools and equipment stay out of sight but within easy reach, helping maintain a clean, organised setup.

Each drawer is built for daily use, with a 120kg load capacity and automatic locking to keep everything in place while driving. The heavy-duty construction also allows up to 800kg of load on top, so you don't lose any usable space or carrying capability.

As part of a complete van fit-out, underfloor drawers are a smart way to add storage without impacting how your team uses the vehicle day-to-day.

## Dimensions (mm)

- 241(H) x 450(W) x 950(D)
- 241(H) x 540(W) x 950(D)
- 480(H) x 540(W) x 950(D)
