Syncro System Slide and Tilt plastic drawers

A tough, durable and safe storage system you can trust.

Removable polypropylene drawers allow you to easily store equipment and tools of medium / small size, in the right order. The oil and shock resistant drawers have an automatic locking button and securing system to avoid accidental removal. These drawers are flexible and adaptable to fit other components, they allow for easy loading and unloading of objects saving you time and lost equipment. They also come in clear plastic allowing you to find your equipment faster.
