

Enclosed storage that keeps everything organised, protected, and built for real-world use.

Syncro cupboard units or cabinets are designed to store tools, parts, and equipment securely while keeping your ute or van organised and easy to work from. Built from steel for strength, with a cut-through design to reduce weight, they strike the right balance between durability and efficiency.

As part of a complete vehicle fit-out, cupboard units work alongside drawers and other storage components to create a layout that's practical, consistent, and easy to maintain across your vehicles.

Dimensions (mm)

- 507(H) x 483(W) x 353(D)
- 507(H) x 724(W) x 353(D)
- 507(H) x 966(W) x 353(D)
- 507(H) x 1207(W) x 353(D)
