

This Aluminium Ute Flat Deck will transport all your materials to the job site.

Lightweight, durable and tough, this aluminum flat deck tray is engineered to improve your day-to-day business activities. Quick-release clamps make it easy to drop all the sides down. A robust and functional tie down system allows you to securely and safely transport all materials to site. It also comes with a removable H rack so you can transport large objects and a strong mesh safety barrier for extra driver protection.
