Side Swivel Seat

Quality In Transportation

Our high-quality, durable side swivel seats are a compact and versatile addition to any vehicle fit-out. Designed with space optimisation in mind, these seats feature a foldable base with lockable swivel mechanism that free up valuable space when not in use—ideal for accommodating wheelchairs, luggage, or varied passenger needs. Their smooth swivel rotation provides easy access and adaptability, making them perfect for dynamic seating plans where flexibility, comfort, and accessibility are key.

FEATURES
