Vehicle Tablet Mount

Vehicle Tablet Mount

The essential Electronic Logging Device (ELD) compliance solution for any commercial truck or fleet. Perfect for law enforcement, ambulatory or public safety vehicle. This universal tablet carbon fiber car cup-holder mount allows you or your passenger to safely display or interact with a tablet while driving. With a long double-jointed extension arm that can be adjusted, to be fixed at any angle, is ideal for using an iPad ELD, tablet GPS or vehicle information. The heavy-duty carbon fibre arm securely holds your iPad or tablet while your car, truck or van is on a road.
