

On the job or on the road – smarter storage for your SUV

All your gear – safe, secure and right there when you need it. With universal toolbox compatibility and customisable storage options, SmartMOD brings you efficient, safe organisation for all your tools and equipment. A unique, removable, modular draw unit designed to fit in the RAV4 Outlander and other mid-size SUVs*.

**we're happy to measure up to check it fits your vehicle*

Dimensions: W 942mm x H 410mm x D 702mm

SmartMOD SUV is available as a kitset or we can install it for you.

Start with the base unit, then customise by adding any of these accessories:

- Ladder-holder
- Front barrier
- Fire extinguisher
- First aid kit
- Extension cord holders
- Inverter
- Small-parts storage tray
- Rear spotlight
- Hand-washing station

Note: SmartMOD SUV does not include the Milwaukee packout toolbox pictured.

FEATURES

Sliding tray to secure toolbox or pack-out drawers

2 large storage drawers (right hand side)

Pull out bench workspace – perfect for your laptop

Top storage tray – ideal for storing your PPE gear

Easily removable – strapped to internal OE points
